25X1 12. [] Forwarded to Senate Foreign Relations Committee, at the request of Mr. William Bader, the transcript of the Director's appearance before the Disarmament Subcommittee. The particular senators interested in the transcript at the present time were not indicated. The transcript was picked up at the close of the day and returned to Headquarters.

25X1 13. [] Met with Mrs. Elizabeth Strannigan, Personal Secretary to Senator Gale McGee (D., Wyo.), who advised that the Senator's schedule has not relaxed. It is not even possible to schedule a tentative time for lunch at the Agency.

25X1 14. [] Met with Senator Lister Hill (D., Ala.) and Mr. Donald Cronin, his Administrative Assistant. The Senator was most cordial and indicated he would come to the Headquarters for lunch and briefing if possible "before the next meeting is scheduled by Mr. Hayden." He started a major series of hearings in the Subcommittee this morning, however, which will occupy his time fully for the present. He asked that I check and advise Mr. Cronin as to the possible date of the next meeting to be scheduled by Mr. Hayden. The Senator appears well disposed toward the Agency, but to have little real knowledge about it.
